SPECIFYING AMERICAN PRODUCTS, INC. (API)

How to Specify API

American Products, Inc. (API) will work from your current specifications or assist you in the selection and implementation of new and exciting designs. We can also develop specifications and details that can be inserted directly into your blueprints.

EXAMPLE OF AN API SPEC	American Products, Inc. (API) **Powder Coated Brake Metal** **API #0111 Custom Matte White** **(813) 925-0144** **specs@americanprod.com** **Attn: Kerri Beals**

Why Specify API

The API Advantage
API is a specialty manufacturer of storefront, entrances, and curtain wall systems as well as architectural metals such as sun control, ACM, and other building products. Headquartered in Tampa, FL, API boasts over 625,000 square feet of office, manufacturing, and assembly facilities.

API is a single-source supplier that provides quality materials at competitive prices. We provide our retail, hospitality, and commercial partners with:

- **Design Assistance**
- **In House Estimating**
- **AutoCAD Details**
- **Project Management**
- **Strict Quality Control**
- **Schedule Monitoring**
- **Weekly Status Updates**
- **Manufacturer Direct Pricing**

API goes beyond being a standard supplier and becomes an extension of your project management team. We monitor your projects through the design, estimating, bidding, and construction phases to ensure that your finish, design intent and schedules are met.

Where to Specify API

- **INDEX / COVER SHEETS** (Vendor/Supplier List)
- **SCHEDULES** (Door, Finish, Fixture, Hardware, Responsibility & Vendor)
- **ELEVATIONS / DETAILS / SECTION VIEWS**
- **SPECIFICATIONS** (Divisions 5, 7, 8, 9 &10)

REMINDER	Always include API's phone number in your specs to streamline requests!

Contact API today at 813.925.0144 or email specs@americanprod.com for more information on how to specify API in your plans.
