

EXTERIOR HANDRAILS

API offers a variety of Railing Systems, from simple cap and base applications, to ornamental railings with verticals and intermediates that can be arranged in an endless array of unique and attractive patterns, creating striking results.

EXTERIOR HANDRAILS

LIMITLESS OPTIONS

API's Railing Systems provide structurally sound railing without compromising visual space.

In addition, API offers custom designed Handrail Systems. Let API manufacture your custom design or simply share your ideas with us & let our design team create a visual rendering of a customized system just for your project.

FABRICATION

Standard glass Handrail Systems are designed for 1/2" & 3/4" tempered glass. For a complete and professional installation, pre-manufactured radius corners, mitered corners, connector sleeves, and end caps are available. Mounting brackets are also available for wall mount applications.

PRODUCT APPLICATIONS

Designers can select from a variety of systems to optimize their desired look and visual effect.

- Stairwells
- Walkways
- Entrances
- Elevators
- Escalators

OTHER AVAILABLE RAILING SYSTEMS

API offers a wide variety of quality Railing Systems that provide design versatility, high performance, and durability suitable for nearly every application. Standard & custom options are available.

- Handrail
- Guardrail
- Picket Rail
- Cable Rail
- Wall Rail
- Glass Railing
- Safety Barriers

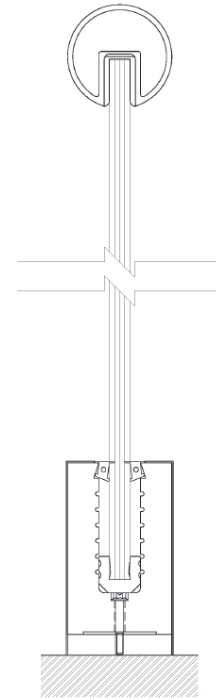

CUSTOMIZATION

API offers custom design solutions to meet specific project needs.

FINISHES

Permadonic Anodized Finishes are offered in 7 different colors - Class I or II. Painted finishes meet or exceed AAMA 2605. Many standard colors are available. In addition, API can match or create virtually any custom color, making the design possibilities limitless.

GO GREEN with an API solvent-free, durable powder coating finish!

KEY FEATURES:

- Economical
- Pre-engineered systems available
- Available in Aluminum, Bronze, Nickel-Silver, Stainless Steel, Oak, Brass, Paint, & Custom Finishes.
