

CLADDED STOREFRONT SYSTEMS

API's full range of Storefront Framing Systems includes systems such as the Industry Standard 2" x 4-1/2" Front/Center-Set system for 1" glass (which is also available as a Thermally-Broken system), our exclusive 2" x 4-1/2" Center-Set system for 1/2" glass, and our 2-1/2" x 5" HVHZ Impact System. We can also clad our storefront systems in a variety of metals and finishes, such as polished stainless steel, oil rubbed bronze, brass, hot rolled steel, colored stainless steel and more.
